

GAINESVILLE TRADE RAPIDLY GROWING

Thirty Carloads of Wire Fencing Shipped to One Firm.

VOLUME OF BUSINESS GREAT

Wholesale Market Which Supplies Large and Prosperous Country, Which is Being Constantly Enlarged and Extended—Gainesville's Future.

Few people realize the immense business carried on by many firms of Gainesville who are in the wholesale trade. Gainesville can safely boast of a few of the leading houses of the State in their respective lines, the hardware and mill supply business being principal among them.

To give an idea of the volume of business, it may be mentioned that a hardware company recently ordered at one time thirty carloads of wire fencing. This item alone is one of great proportions, but when it is considered that this is only one branch of the business, it may readily be noted that the wholesale houses of Gainesville are securing their share of the trade.

But this volume of business should not be surprising. Gainesville is located conveniently for the trade, the rates are favorable, and the firms doing a wholesale business are sufficiently well provided from a financial standpoint to purchase in large quantities, thus assuring close prices. Gainesville merchants are shipping goods to points within a radius of 100 miles, and the territory covered justly belongs to this city, everything being equal. It is estimated that the extension of the Gainesville and Gulf Railway from Fairfield south to Tampa will open up more territory, the trade of which will naturally come here. When this territory is opened new houses will be established here, which will make Gainesville one of the leading wholesale centers of the State.

Gainesville is also growing from a manufacturing standpoint, and in all the prospects for the future are bright.

THE YELLOW FEVER.

Well in Hand at Both Pensacola and New Orleans.

Pensacola, October 27.—No deaths and but two cases were reported up to noon. There were 12 new cases yesterday, two deaths and several suspicious cases.

At New Orleans.

New Orleans, Oct. 27.—For the twenty-four hours ending at 6 p. m. yesterday there were three new cases and no deaths. Up to noon today there was only one new case and no deaths. The people here are now confident that yellow fever will never again visit this city.

A VALUABLE PURCHASE.

Mrs. S. C. Tucker Secured Fine Property and Will Build.

Mrs. S. C. Tucker has purchased from Major W. R. Thomas the property at the corner of West Union and South Pleasant street. The lot is 68 feet front on Union street and 120 feet on Pleasant street, and is one of the most desirable pieces of real estate in the city.

It is understood that Mrs. Tucker will erect a substantial business block on the property, and will engage in the mercantile business there.

WILL HAVE NEW HOME.

Golden Rule Bottling Works Will Soon Occupy New Building.

The Golden Rule Bottling Works will soon occupy a new home, a building now being erected for them on West Union street, between Garden and Pleasant.

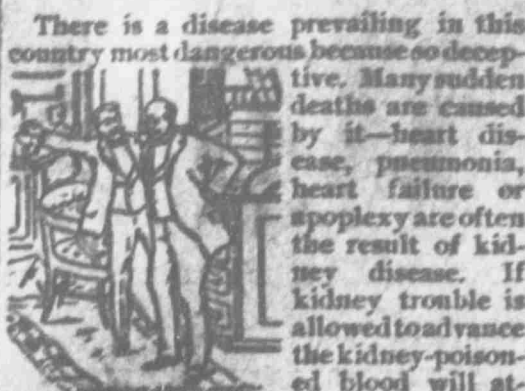

This firm is one of the latest enterprises of Gainesville, but its success has been remarkable. The works are located at present on East Market street.

T. W. Nine is manager of the firm.

Fire at Charlotte, N. C.

Charlotte, N. C., Oct. 27.—Fire which started in Cochrane's livery stable, on North College street, destroyed property to the extent of \$50,000. Half a block between East Trade and Fifth streets, was practically burned up. Twenty horses, most of them belonging to parties living out of town attending the Mechanics fair, were burned to death. A stiff wind was blowing and the fire department got the fire under control with difficulty. The losses were partially covered by insurance.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

"NEW THOUGHT" UNIVERSITY.

Wife of Former Congressman Gives \$1,000,000 to Establish School.

Chicago, Oct. 27.—A Tribune dispatch from St. Louis, Mo., says that if plans of Mrs. Charles F. Joy, wife of the former St. Louis congressman are carried out, a \$1,000,000 university of which the object will be the study of occult and psychic phenomena, the human soul and all the arts and sciences of the "New Thought" not recognized by established schools, will be built overlooking the Pacific near Santa Barbara, Cal. In addition to the university, Mrs. Joy proposes to establish a sociological colony where the science of life and the laws, duties and responsibilities of parenthood will be studied.

"My plan is," said Mrs. Joy, "to bring about the founding of a university in which the great trinity—the human, soul mind and body—will be properly trained, each in conjunction with the other and not the sacrifice of one by ignoring the other, as now too largely prevails."

BIG STRIKE IS AVERTED.

Operatives and Mill Owners Will Compromise at Fall River.

Fall River, Mass., Oct. 27.—At the very moment when a strike of more than 25,000 textile operatives, employed in 75 mills in this city, seemed certain, the situation was suddenly cleared by the action of the Manufacturers' association and the outlook tonight is brighter than at any time since the wage question has come to the front.

Meetings of the various textile workers' unions had been called for tonight to take action on the question a strike in all the cotton factories controlled by members of the Manufacturers' association. Late this afternoon, however, a committee representing the manufacturers held a conference with the committee from the textile council. The manufacturers expressed the hope that a compromise might be reached and requested that the unions not take action on the matter of calling a strike before next Monday night. This request was made, it was explained, in order that the manufacturers and the operatives, through their representatives, might hold further conferences.

The Artist's Industry.

Bacon—You say your artist friend is industrious? Egbert—Very. Why, I've known him to work over four years on one picture. Bacon—Is that possible? Egbert—It is. He was a month painting it and four years trying to sell it.—Yonkers Statesman.

New Chairman for Commission.

Atlanta, Oct. 27.—The state railroad commission met at noon Wednesday and reorganized by electing Hon. H. Warner Hill, of Greenville, chairman, to succeed the retiring chairman, Hon. J. Pope Brown. Mr. Hill is the senior member of the commission, upon whom by custom the chairmanship is always conferred. Hon. O. B. Stevens, the new member of the commission, attended a meeting of that body in his official capacity for the first time. Only a few unimportant detail matters were before the commission for consideration. The petition of H. L. Barfield, of Macon, for a reduction in the rates on woven wire fence was taken up, but upon request of the petitioner, further consideration was postponed until November 9.

Saved His Life.

J. W. Davenport, Wingo, Ky., writes, June 14, 1902: "I want to tell you I believe Ballard's Snow Liniment saved my life. I was under the treatment of two doctors, and they told me one of my lungs was entirely gone, and the other badly affected. I also had a lump on my side. I don't think that I could have lived over two months longer. I was induced by a friend to try Ballard's Snow Liniment. The first application gave me great relief; two fifty cent bottles cured me sound and well. It is a wonderful medicine and I recommend it to suffering humanity." Sold by W. M. Johnson.

Organize Policy Holders Union.

Chicago, Oct. 26.—A Tribune dispatch from Dallas, Tex., says the State Insurance Commissioner Clay announced yesterday that a policy holders' union is to be organized in Texas at a meeting to be held in Dallas on November 15. It is estimated there are 150,000 policy holders in Texas. The ultimate purpose of the organization is that Texas policy holders may have a voice in the selection of the trustees and directors of the company, that their interests may be better protected.

Jenny Lind as a Child.

Jenny Lind as a child of three years was the lark of her parents' house. As a girl of nine she attracted the attention of all lovers of music and entered the Stockholm conservatory as a pupil. Her continuous studies at so tender an age caused the sudden loss of her voice, and for four full years she pursued her theoretical and technical studies, when suddenly the full sweet sounds came back, to the delight, as every one knows, of thousands for many years.
